Challenge Accepted!

“Air cargo per se is a fast-moving business under constant pressure: whether this is time, capacity, fleet availability, safety, security, routing or various country restrictions and regulations, the challenges are many and different each time. At Challenge Group, those challenges are our daily business and we have consciously sought to focus on particularly complex, over-sized, and work-intensive shipments. Hence, our slogan **“Challenge Accepted”**. Today, we are the leaders in non-standard air cargo transportation: 2 out of 3 shipments that we uplift are non-standard. Challenge Group has developed into a fully autonomous commercial consortium. From air freight capacity to cargo handling, road feeder logistics, maintenance, or leasing and commercial services, we cater to international customers all around the globe. And those customers are the focus of all our activities. Challenge Group is always adding to its service offer – whether that is in terms of network, fleet additions, or digital innovation. After all, the better the service, the happier the customer

Yossi SHOUKROUN – Challenge Group CEO

— We will rise to any challenge – and we’ll ensure your cargo does, too!

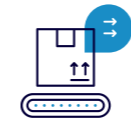

Who else can offer the entire spectrum of air cargo aviation and logistics services, with Europe’s largest high-loader to boot? With three airlines, strong European, U.S. and Far East truck networks, a certified and experienced handling company, a commercial arm, an aircraft and parts leasing division, and a comprehensive line maintenance provider, Challenge Group not only has what it takes to accept any challenge, but also the reputation and proficiency to prove it.

— We offer all the services needed to solve your challenge

AIR CARGO

We fly what you need to where you need it to be.

LOGISTICS & HANDLING

We combine decades of expertise in airfreight handling with state-of-the-art handling facilities, including the Horse Inn and a solid road feeder network, to bring you reliable, tailor-made, door-to-door solutions.

TECHNICS

We not only service our own fleet and ensure its flight safety, but we are also certified and trained to carry out line maintenance on a whole host of Airbus and Boeing aircraft types.

— One Challenge, eight solution providers

Challenge Airlines  **Challenge Airlines**  **Challenge Airlines**  With our versatile nose-door fleet and wide-ranging traffic rights, we can get your extraordinary shipment to wherever it needs to go, fast!

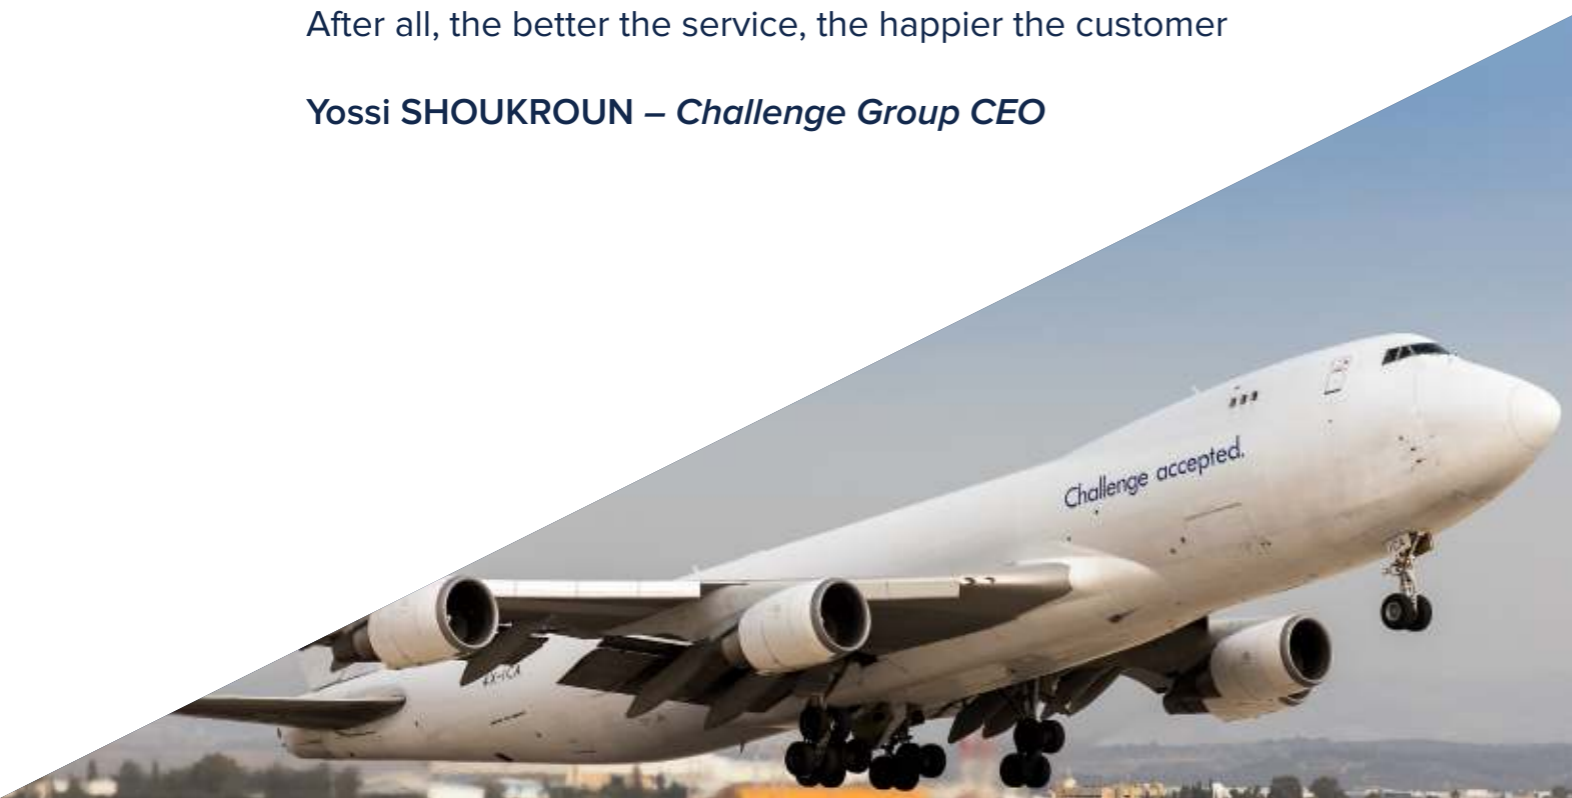

Challenge Air Cargo  We deal with the commercial details, air cargo reservations, and find unique, customised, door-to-door solutions for all your time-sensitive and complex shipments.

Challenge Handling  A centre of handling excellence, including the highly-specialised Horse Inn facility.

Challenge Logistics  Providing first and last mile, urgent, as well as door-to-door pick-up or delivery across Europe, the U.S., and the Far East

Challenge Technic  We keep things flying, maintaining our own fleet and our customers’ aircraft.

Challenge Aviation  Looking to lease an aircraft or simply an engine? We are just a phone call away.

OUR NETWORK

Group destinations

No distance too far, no challenge too great!
Challenge Accepted! Wherever in the world it may be.

Group offices

INDUSTRIES SERVED

AEROSPACE

Satellites or outsize engines, it's all just one small step for Challenge Group.

AUTOMOTIVE

You have the cars; Challenge Group has the drive.

FASHION

From the runway to the catwalk, Challenge Group is a model logistics service provider.

PHARMACEUTICALS

From medication to vaccines, Challenge Group carries out carefully planned operations.

AGRICULTURE & FOOD

Grain, grapes, or gourmet, Challenge Group is always ready to serve (chilled, too, if preferred).

LIVE ANIMALS

Hamsters, Horses, even the odd Hippopotamus; Challenge Group has a heart (and the certificate) for animals.

CHEMICALS

Liquids, powders, and gasses; Challenge Group goes by the book, leaving nothing to hazard.

HIGH TECHNOLOGY

Secure and shock-free, Challenge Group is plugged in when it comes to flying the future.

OIL & GAS

Because we know that speed is of the essence, Challenge Group's focus is to quickly get your site rigged up.

E-COMMERCE

First and last mile, quickly and efficiently: all part and parcel of Challenge Group's service.

OUR VISION & MISSION

“Air cargo is a people-driven industry, full of down-to-earth, hands-on characters. We identify strongly with this direct, solution-focused approach, and have incorporated company values that precisely reflect this attitude. The perfect ingredients for the success of our ‘Challenge Accepted’ promise. We enjoy getting things done!”

Yossi SHOUKROUN – *Challenge Group CEO*

Our vision

To be **the preferred choice** for customers in selected markets globally, providing dependable, integrated & tailor-made air cargo solutions.
